3	MR. KANE: If I might, I'd like to call	3	quick? I was just trying to get these lights
4	the meeting to order.	4	on. They must be out.
5	Continuation. This is our fourth work	5	MR. HALL: If we can begin discussion.
6	session. The second work session and the first	6	Obviously we want Mary here, but I did prepare
7	one was Tuesday to consider the comments we	7	some language about a definition of the duties
8	have and come up with a direction as to what	8	of the resident agent. And based on last
9	we're going to do to report to the County	9	week's discussion, I struck the last sentence

11	I notice Mary is not here yet. I hope	11	discussion.
12	she'll be here shortly, but I want to move	12	I would like to see some sort of a
13	forward.	13	recitation of the duties of the resident agent
14	Last time we took a lot of time on the 66	14	in the document. And it would be that they
15	pages that the staff had prepared, and we got		*

17		16	violations that may be occurring on the
18	I looked through there. And my feeling is	17	property.
	that we've covered most of the important	18	MR. KANE: So let me back up now that
19	topics. Mr. Salinas is looking through to see	19	Ms. O'Donnell is here.
20	if there's anything we missed, but I'd like to,	20	And Mary, I was explaining to folks that
21	if we could, skip off of that page and focus	21	you and I talked about maybe a more expeditious

2	discussion outline for possible changes that	2	words than I do, so feel free to jump in. But
3	was prepared by Mary O'Donnell.	3	I was explaining that we're going to move to
4	And she has on there I think how many	4	focus on your document because it's the one
5	specific items, 23. So there's a fair number,	5	that you've taken the time to consider all of
6	but I'd like to focus on that and see if we can	6	the issues from the county attorney's
7	get through those agenda topics today.	7	perspective and what you feel we should deliver
8	My objective would be to see if we can	8	to the County Council. And that's all
9	wrap up today. Yet at the same time, I know I	9	contained in this document in the 23 items
10	have to leave a little bit early, as does	10	that's there.
11	Ms. Broll. So I think we're going to shoot to	11	So what we're going to do today is shift
12	wrap up certainly by four o'clock, maybe a	12	off of the discussion of the staff report. I
13	little bit earlier.	13	think we've covered that in pretty good detail.
14	Interest seemed to flag after about two	14	And focus in on the attorney document,
15	hours. I don't know why people didn't find	15	Short-Term Rental Review Board discussion
16	this more interesting, but that's apparently	16	outline for possible changes, with the idea
17	what happened.	17	that we've gotten a charge or charter from the
18	MS. SUSS: Riveting stuff.	18	County Council as to provide them information,
19	MR. KANE: Miguel, do we know when Mary is	19	provide them perspective, and provide them
20	going to arrive?	20	guidance as to what legislative changes might
	MR. SALINAS: I've not heard. So I'm	21	be useful for them.

1	Page 6 So that's the way I wanted to proceed. I	1	Page 8 that my office, Planning & Zoning, and members
2	guess I would ask Ms. O'Donnell to clarify	2	of the board wanted to discuss to decide if
3	anything that I've misstated or add more	3	it's something they want to move or not to move
4	perspective.	4	forward.
5	MS. O'DONNELL: I'm happy to add. I	5	I don't want my interpretation of what I
6	definitely don't think you misstated anything.	6	understood the scope to be to control your
7	I think that it's important to note that	7	analysis of the situation, but I think it's
8	the public comments that have been received to	8	important to look back to that scope. But I

10	Council has received all the public comments.	10	looking for you're the ones that have been
11	The document that Planning & Zoning staff	11	where the rubber meets the road as to how these

13	document was also provided before the hearing	13	perspectives related to that that you can give
14	on Tuesday to the board and will also be	14	guidance to Council, I think that is what they
15	provided to Council so that there is and will	15	would like to have from you.
16	be a public record for comments related to all	16	MR. KANE: Okay. That's very helpful.
17	of the things that were mentioned.	17	Do people have questions of the county
18	And so the Council the notice that was	18	attorney on these points? If not, then let's
19	provided for the public hearings and my	19	proceed in that fashion. And what I would like
20	understanding of what the parameters of what we	20	to do is step down the list of the 23 items and
21	were given really I think people have all said	21	see where we can find agreement on that.

7	I think that we shouldn't be adding	7	with the statute itself, to make the addition

11	even if it is on-the-job.	11	agree with Mr. Hall in regards to the duties
12	I do point, I think that the resident	12	and responsibilities and qualifications and

3	But we should stay away from anything	3	Mr. Duell?

	MR. KANE: That seems to make sense to me.		
5		5	MR. HALL: The reason why I put violation
6	We definitely need something that's got a	6	is to make it clear that we're not talking

9	Is this the proposal that's in front of us	9	MR. KANE: But I think that's a function

11	MS. SUSS: Jack wrote this.	11	complaints from the renter to be carried back
12	MR. KANE: Mr. Hall. It seems to me that	12	to the owner. I think that's a function of the
13	we also ought to include on there, just as	13	resident agent.
14	Ms. Suss has indicated, some indication of time	14	MS. SUSS: Right. But that's not what
15	frame to respond to complaints.	15	we're concerned with. Right?
16	MS. SUSS: Well, it says promptly. That's	16	MR. KANE: Well, I think we are. I think
17	kind of ambiguous I suppose.	17	we're concerned with two things.
18	MR. KANE: Is that good enough or should	18	One is the function of the resident agent

20	MR. HALL: Well, I was looking at	20	the owner to correct a deficiency. And then as

2	MR. HALL: They'll be leaving. Come	2	there's two functions.
3	Monday, they'll be gone. So it should be	3	MS. SUSS: That function is I think too

4	So in terms of completeness, if we're	4	that we're most concerned about is making sure

6	seem to me we cover both points. Otherwise,	6	in regards to any violation of section

11	MS. SUSS: Right. So I think that, if you	11	MR. HALL: Well, we didn't talk about

15	Like main duty of resident agent, something	15	MS. SUSS: No, no. Because
16	along those lines.	16	MR. KANE: All right. I'm fine. So we'll
17	I hate to split hairs, but that's where we	17	talk about change. Does anybody have any

19	MR. KANE: So you have a different	19	about how we do that?

11	MR. HALL: My thinking is that, one, if	11	MR. SALINAS: We're looking into that

3	MS. O'DONNELL: I do want to note that	3	MS. BROLL: Sure.

17	so they continue to operate.	17	the parameters that are currently in the code,
18	So then we find out that they've operated	18	and then that gives us the ability to note

16	MR. KANE: What would be your alternative	16	offered or whoever, whichever person offered

5	MS. BROLL: Is there a review? Is the	5	So making that drafted in a clean way that

7	they pay the fine and name a resident agent?	7	it's a longer period of time. Maybe they have
8	MR. HALL: That's what I was thinking,	8	to give notice within 15 days of a change to
9	that they would be legally back in good graces	9	the county. They don't give notice within 15
10	upon naming the resident agent.	10	days, if we discover that it's been 30 days,
11	I'm wondering. We're talking a scenario	11	been 45 days, if a lengthier time lapses, then
12	where you've got an owner who doesn't know what	12	their license is suspended and then all the
13	is going on, for whatever reason. Wouldn't	13	harsher things come into play.
14	that simply be cured by having you all send	14	MR. KANE: So what you're suggesting is
15	notice by first class mail to the owner, you've	15	that set a trip wire that if the resident agent
16	got 15 days, we've learned that you have no	16	is not there for some reason, resigned or fired
17	resident agent, you have 15 days, otherwise	17	or left or something, that will trigger an

19	Then if they are suspended, what is wrong	19	to Planning & Zoning that I don't have a

13	MR. KANE: That's a good point.	13	MR. KANE: They don't have to notify us

2	MS. O'DONNELL: I'm not sure I understand.	2	MR. HALL: Yeah. I mean
3	What is the consensus?	3	MS. SUSS: Penalties.
4	MR. KANE: The consensus was, as David has	4	MR. HALL: you're hoping that they will

6	Planning & Zoning immediately upon resident	6	MS. SUSS: And leave it open so that

9	trigger, and you were suggesting,	9	MR. KANE: Let me ask staff and attorney,
10	Ms. O'Donnell, 15 days to get another resident	10	should we leave open the penalty or should
11	agent before the penalties kick in.	11	there be some penalty?
12	MS. SUSS: No. She was	12	MS. O'DONNELL: There will be a penalty.
13	MR. KANE: Sorry.	13	If you so it says three-night minimum stay

15	something longer than 15 days.	15	We find out you've rented for one day.
16	MS. O'DONNELL: What I was saying is that	16	Then that's a violation of the code. So then
17	if you have a change of resident agent, you	17	you go under chapter it's under 190-64 talks

3	MR. KANE: So if that's agreeable to	3	three, four pages.
4	everybody, let's ask the county attorney to	4	So I don't know that I can say sitting
5	draft that language.	5	here. Again, I'm not I don't have the data
6	Moving on, number three, change version of	6	to tell you all of the differences or if there
7	building code. And as I understand that, just	7	are differences.
8	to summarize, very difficult issue. But the	8	I mean egress, I found one difference, and
9	concern has been expressed by a number of	9	that is actually a smaller door under the 2015
10	people as the current code doesn't include some	10	code. But the other interesting difference is
11	important things, like carbon monoxide	11	related to ramps. The maximum slope of a ramp
12	detectors. And I'm not sure about smoke	12	is one unit vertical to eight units horizontal
13	detectors, but that's the issue.	13	under the 2003 code. And under the 2015 code,
14	There's the other issue about safety in	14	it's one unit horizontal, one unit vertical to
15	terms of egress, and that gets into a different	15	12 units horizontal you're allowed to do.
16	set of issues.	16	So I think that there are some so I'm
17	So the question is if we require a change	17	concerned. I am not at all concerned about
18	in version of building code as I understand it,	18	adding regulatory restrictions that are not a
19	that reflects through a lot of the current	19	significant burden on the applicant. I know
20	codes of Talbot County. And that's something	20	all of you agree with that. So I'm not
21	that the county attorney has advised is too big	21	concerned about those things.
	Page 43		Page 45
1	a hill to climb. My words. I'm summarizing.	1	My concern is requiring construction
2	So please jump in.	2	retrofitting of structures and requiring that
3	Then the question is is there some easier	3	to be done every three years. And having
4	way for us to meet the intent of what we're	4	people who are currently licensed, and then
5	looking to do, which is to find a way to	5	requiring them to be retrofitted next year.
6	require carbon monoxide detectors and a smoke	6	And are there I'm not a construction expert.
7	detector system that communicates within the	7	So are there bigger differences between these
8	house, number one. And possibly number two, to	8	codes.
9	deal with the issue of what kind of egress do	9	My concern is that I am not aware of a
10	we (inaudible).	10	I know the case law on this, these short-term
11	Does that summarize the issue?	11	rentals in Maryland, whether or not we all
12	MR. HALL: As I understand it, there's no	12	think about it a different way, is that this is
13	difference between the 2003 residential code as	13	a residential use.
14	to ingress, egress, and smoke alarms?	14	However, people are doing this to make
15	MS. O'DONNELL: I don't actually think	15	money. And they are inviting people from the
16	that's true. I was talking to Mr. Kane about	16	public into their homes. But I'm not aware of
17	this earlier today.	17	other businesses, using that word, I did say
18	I just want to give you a sense of why	18	it, that are required to retrofit.
19	this is a hard thing to answer.	19	I mean if you go to Wal-Mart, when they
20	So the 2003 code, it has basically one	20	pass the new building code, Wal-Mart doesn't
21	column single spaced on emergency rescue and	21	have to do retrofitting. They do it as it's

	Page 46		Page 48
1	built.	1	same approach to egress that we've adopted for
2	Ms. Broll might have some insight into	2	the past
3	this idea what the building code does. But	3	MS. SUSS: Year.
4	adding having that regulatory change	4	MR. KANE: Thirty-five hearings and 35
5	regularly related to a construction issue,	5	approvals that we've given. And then wait for
6	because the purpose of the building code is to	6	the County Council to take this matter up
7	increase safety standards for related to	7	because it's a much larger issue than is
8	construction. As new buildings come up, old	8	MR. HALL: So somewhat more concrete, are
9	buildings that don't meet these standards die,	9	you saying, then, that we simply recommend that
10	and they (inaudible) with new buildings.	10	the current law be changed to require that
11	But generally, motels, hotels, we don't	11	smoke detectors and carbon monoxide
12	have a requirement that The Tidewater, the Inn	12	MR. KANE: Detectors.
13	at Perry Cabin, we don't have a requirement	13	MR. HALL: Detection be
14	when the 2018 building code comes into effect	14	MR. KANE: Required.
15	that they have to retrofit to meet the 2018	15	MR. HALL: required under the 2018
16	code.	16	code?
17	So smoke detectors are different and	17	MS. O'DONNELL: Fire code.
18	carbon monoxide detectors are different because	18	MR. HALL: Just a very specific
19	those are potentially fire code. Fire code is	19	MR. KANE: That would be my preference
20	different than construction code.	20	because I feel that it's pretty glaring that we
21	But so that's my concern, about emergency	21	don't require that right now.
	Page 47		Page 49

2	different standard for this particular use than	2	MR. KANE: Ms. O'Donnell, is that
3	any other residential obviously with	3	acceptable?
4	residences when you buy your house, you don't	4	MS. O'DONNELL: I'm writing down what your
5	have to upgrade your house to a 2018 standard.	5	decision.
6	So that's my concern. If the board wants	6	MR. KANE: Okay. Other comments or are we
7	to do that, that is the board's prerogative. I	7	all agreed on that?
8	do not want to indicate the fact that that is	8	MR. McQUAY: I'm fine.
9	y'all's decision to do. I just want to make	9	MS. SUSS: Because even though it's less
10	sure you understand the regulatory difference	10	costly, it's also more important in my opinion
11	of doing that versus these other businesses or	11	to make sure people are safe.

8	MR. SALINAS: Yes.	8	There's one in here. This is the dog
9	MR. KANE: Okay. I had at least one	9	barking, in my mind. I had heard that,

2	would just be rehashing something they've	2	pretty good, and I don't see any reason why the		
3	already decided on, which is it's a three-night	3	board couldn't approve that application for the		
4	minimum and that literally the county is a	4	way it's set up with them living right next to		
5	different complexion than the city of Easton in	5	the STR property.

7	There's been a precedent. It's been set	7	then it would go back in the normal regulation.		
8	already for many, many moons in regards to	8	But to me, it looked like a pretty reasonable		
9	people buying homes and having resident agents	9	exception to our current rule for that type of

1	wherever, South Dakota. And that's extreme, I	11	MR. KANE: And I believe in that hearing,		
2	suppose.	12	what we did was refer it to the staff for		
3	But that, plus while I'm at it, and I'll	13	resolution on screening. Screening falls		
4	shut up after that, is I don't believe that	14	within the purview of the staff.		
5	even rehashing the moratorium is something we	15	MR. SALINAS: I'd have to go to the		
6	should be doing or even the County Council	16	record. The direction from the board I thought		
7	because they've already gone through it.	17	was for them to come up with an alternative		
8	We've got about 150 short-term rentals.	18	landscape plan.		
		19	MR. HALL: That's the way I recall it.		
9	And they were expecting somewhere around 200.	12	MIN. HALL. That's the way I recall it.

2	So the onus is on them to come forward and come		So you can issue a license with

4	MR. SALINAS: Yeah. I think their	4	screening. It doesn't have to be a limitation.		
5	question to staff is I think they want to	5	It can be a granting.		
6	know if they can come back up with	6	So there is the authority for the board		
7	consideration of moving forward just as is	7	to there's several. There's landscaping,		
8	without the alternative landscape plan since	8	outdoor lighting, waste disposal. There can be

12	we've taken up under hearing. And if there's a	12	If, Mr. McQuay, if you would like to be

	MR. SALINAS: Yeah. I think they want	16	forum.		
17	to I'm trying to remember. I'm trying to	17			
18	remember if they want to request a waive or	18	In general, the board has the authority to		
19	they're asking for approval to waive that	19	do what they've asked for. The board did not

8	MS. SUSS: I don't remember what happened,	8	jurisdiction and there's arguably there's an

10	MR. SALINAS: I think Mr. McQuay is	10	yet, that there could be a reconsideration.		
11	requesting, I don't know, a sense of the board	11	But we would have to discuss the
